### WORK EXPERIENCE

Front End Developer

#### XCL TECHNOLOGIES | DEFENCE HYDERABAD

I have worked as a front-end developer at XCL Technologies. I have created some good designs for XCL Technologies. For my experience, I have designed user-friendly interfaces and optimized website performance. I have used various web technologies such as HTML, CSS, JavaScript, and responsive design principles. My work is efficient, organized, and visually appealing. I am detail-oriented in my work and always strive to improve the user experience.

### ABOUT ME

I have worked as a front-end developer at XCL Technologies. I have created some good designs for XCL Technologies. For my experience, I have designed user-friendly interfaces and optimized website performance. I have used various web technologies such as HTML, CSS, JavaScript, and responsive design principles. My work is efficient, organized, and visually appealing. I am detail-oriented in my work and always strive to improve the user experience. Experienced Full Stack Web Developer with expertise in HTML, CSS, Bootstrap, C#, and ASP.NET. Skilled in creating cutting-edge web solutions for exceptional user experiences. Completed Full Stack Web Development program at Aptech. Also proficient in graphic design using Figma and Canva. Currently pursuing a Bachelor's degree in Software Engineering. Self-driven, detail-oriented, and collaborative, with a passion for solving complex challenges and staying updated on industry trends.
